To All Division Managers:

SUBJECT: WINSTON Select B1G1F/B5G5F Allocation Changes

The Promotional Product Allocation window was reopened on 9/2/93 to allow transfers of Select B1G1F/B5G5F product within the same public warehouse. In the process, some allocations were transferred between warehouses resulting in an imbalance of allocations to warehouse inventories. Unfortunately, allocations that were transferred between warehouses may not be honored in all instances.

Minor changes to allocations are being made to correct this imbalance and ensure ongoing availability of B1G1F/B5G5F product to your customers.

If you notice no changes to your accounts' allocations, please treat this as information only.
